3. Outros finais

Além da vitória com o sucesso mostrado acima, existem outros 6 finais possíveis, sendo eles:

- Pegar o tesouro sem a aprovação de Max e Carlie.
- Pegar o tesouro com a aprovação do Max, mas não da carlie.
- Pegar o tesouro com a aprovação da Carlie, mas não do Max.
- Queimar alguma coisa dentro da casa
- Beber o veneno
- Contar para Carlie que ela está morta

A. Morte por pegar o tesouro sem ter a confiança dos personagens

As mortes por não se ter a confiança de algum dos fantasmas são bem parecidas, mudando apenas a frase final. Elas acontecem ao pegar o colar e sair do home office sem ter conseguido a confiança do max ou da carlie, :

- Pegar o tesouro sem a aprovação de Max e Carlie:

You heard Max on your left looking at you. He is still smiling but his eyes show you that he is not happy at all. He is scary. He says "Dear guest, I'm afraid that you are not worth of anything in this house. So you can't no longer stay."

On your right you also heard Carlie crying. She looks at you and she seems to be mad. "Now that you have your treasure you are leaving right. I can't let you. I'll be alone. You have to stay here FOREVER!", she says.

Then everything goes dark

***** You have died *****

- Pegar o tesouro sem a aprovação da carlie apenas:

On your right you heard Carlie crying. She looks at you and she seems to be mad. "Now that you have your treasure you are leaving right. I can't let you. I'll be alone. You have to stay here FOREVER!", she says. Then everything goes dark

***** You have died *****

- Pegar o tesouro sem a aprovação da max apenas:

You heard Max on your left looking at you. He is still smiling but his eyes show you that he is not happy at all. He is scary. He says "Dear guest, I'm afraid that you are no worth of anything in this house. So you can't no longer stay.". Then everything goes dark

***** You have died *****

B. Morte Por queimar algo

Caso você tente queimar algo dentro da casa, Max irá se irritar com você, e irá te matar:

>burn the book I

(with the match)

(first taking and lighting the match)

It occurs to you to set down book I before burning, just for safety's sake. You haven't got that.

"You have no respect with this house sir", you hear a voice saying in your back.

Max is very close to you and he seems very angry.

"I'm afraid I can't no longer allow you to stay", he says.

Then everything goes dark.

***** You have died *****

C. Morte por envenenamento

Caso você encontre o veneno e tente tomá-lo, você irá morrer:

>drink the bottle

That was dumb.

***** You have died. *****

D. Morte por contar a carlie que ela está morta

Se você mencionar algo a carlie dizendo que ela está morta, ela irá surtar e matar você:

>ask carlie about dead

"Hello little girl.", you say.

"Hello! I am Carlie! I'm so happy that now I have someone to play with".

"Are you dead?", you ask.

She stares at you and, suddenly, she starts to cry. You try to confort her but she just keeps repeating "I'm not dead. I'm not a ghost. Mama... Papa...".

Just as sudden as she started to cry, she looks at you and say: "YOU ARE THE ONE WHO ARE DEAD NOW".

She runs into you and everything goes dark.

***** You have died *****
